

# navis 2021 INSPIRE AWARDS

## APPLY FOR NAVIS INSPIRE AWARDS 2021

Visit [navisworld.navis.com/inspire](http://navisworld.navis.com/inspire) to learn more!

### RULES FOR APPLICATION:

To apply for a Navis Inspire Award, please complete this form with as much detail as possible. It can be completed electronically and submitted by email. Please attach supporting documents and images as appropriate.

The Navis Inspire Awards are open to all Navis customers including terminal operators, ocean carriers, vessel owners and port authorities. There is no charge to enter. You may submit multiple entries to multiple categories. A separate nomination form will be required for each category. Winners will be announced during an awards ceremony at Navis World 2021.

Please complete the form below.

Return to Jessica Tarlton at [Jessica.Tarlton@navis.com](mailto:Jessica.Tarlton@navis.com) by August 20, 2021. Thank you.

### APPLICATION DEADLINE: AUGUST 20, 2021

# 2021 INSPIRE AWARD CATEGORIES

## DIGITAL TRANSFORMATION

How are you leveraging cloud technologies, data, predictive analytics and/or artificial intelligence to take your operations to the next level? Objectives may include agility, optimization, better decision making, higher efficiency and increased ROI.

## AUTOMATION

What equipment or process automation technologies have you implemented to optimize your operations? Objectives may include safety, consistency of operations, higher efficiency, greater productivity and increased ROI.

## SUSTAINABILITY

What practices and technologies have you implemented to protect or positively impact the environment or community where you work? Objectives may include environmental protection, conservation of natural resources, safety, stable economic growth, people development, good health and well being.

## COLLABORATION ACROSS STAKEHOLDERS IN THE CARGO FLOW

How have you improved operational performance through better visibility and control across the cargo supply chain? Objectives may include data sharing, productivity, operational efficiency, reduced congestion, improved turn times and enhanced alliance operations.

## DYNAMIC SOLUTION IN THE PANDEMIC

How did you adapt to meet the challenges of the pandemic? What technology and process solutions did you implement that will enable you to continue to manage change and prepare for the unexpected? Objectives may include agility, resilience, performance, reduced congestion, innovation and change management.

## PERFORMANCE AND CAPACITY OPTIMIZATION

How have you improved and optimized performance and capacity? Objectives may include utilization, safety, energy efficiency including fuel consumption, optimal cargo load and voyage/service optimization.

**01** Tell us about the company/organization that you are nominating.  
Please describe the type of operation, location, unique characteristics.

**02** Why are you nominating this company/organization for this category?  
Describe the project. What was it and why was/is it unique and important?

# 03

Describe the Goals and Objectives that you had for the project.

# 04

Please tell us about the project planning, development and execution.

**05**

Please detail key measures, metrics and ROI results. Include as much detail as you can including examples and evidence. How has the operation or business improved as a result of this project?

**06** What are the factors that affected the project positively or negatively?  
What lessons would you like to share with the Navis community?

# 07

Who were the key team members who drove and contributed to the success of the project. With your submission, please include any photos that you may have of the project and the team.
